

PREPARED FOR GOTOHEARING

More time for patients. Less friction behind the scenes.

A practical partnership for your website, everyday technology, and the systems that keep your business moving.

THE PARTNERSHIP

Your business. Moving forward.

GoToHearing needs technology that supports the work of caring for patients. PBI brings ongoing attention, clear priorities, and a familiar point of contact to the digital side of your business.

01

Keep things working

Routine website care and practical support for day-to-day technology.

02

Make work simpler

Targeted improvements to the tools and handoffs your team uses.

03

Know what comes next

A shared priority list and a monthly review of progress.

01 / SCOPE OF SERVICES

Practical support. Visible progress.

A focused monthly partnership, organized around the tools your team relies on and the improvements that matter most.

01 Website care

Keep the digital front door dependable.

Routine content updates, form checks, and maintenance for the existing website.

02 Everyday technology

Give your team a familiar first point of contact.

Remote troubleshooting, account and access assistance, and coordination with existing vendors.

03 Workflow improvements

Remove friction from the work behind the scenes.

Review recurring tasks and implement small, agreed improvements to forms, tools, and handoffs.

04 Planning & communication

Make priorities and progress easy to understand.

One monthly planning call, a shared request list, and a concise summary of completed work and next steps.
